

“WHERE DOES MY UNITED WAY DONATION GO?”

When you contribute to United Way’s Impact Fund, you can be assured you’ve made a smart investment for your community. Local dollars donated stay local, helping our most vulnerable neighbors avoid crisis and helping make sustainable change in the lives of families.

Every dollar works harder to address critical issues.

United Way is uniquely positioned to bring together all our community’s stakeholders—companies, nonprofit agencies, philanthropies, volunteers, and donors like you—to effectively identify and holistically tackle the area’s toughest issues.

Your Impact Fund donation funds our network of human-service agencies, allowing them to focus on what they do best: provide essential needs like food and shelter, services to help lift families out of poverty, and resources to help children do well in school and beyond.

United Way donors like you make it possible.

Maximizing what you give. Impacting where you live.

United Way of Southwestern Pennsylvania serves Allegheny, Armstrong, Butler, Fayette, and Westmoreland Counties.
